

***Awareness programme on technologies developed by ICAR-NRC on Yak held at Thembang on 19<sup>th</sup> March 2022***

Continuing its extension outreach activities under the leadership of Dr.Mihir Sarkar, honourable Director ICAR-NRC on Yak, an *Awareness programme on technologies developed by ICAR-NRC on Yak* was held at Thembang on 19<sup>th</sup> March 2022 under the STC of the institute.

The programme was chaired by Shri Jam Tsering, ZPM, Thembang. In his welcome address, Shri Jam Tsering highlighted on the different activities carried out by ICAR-NRC on Yak at Thembang village over the years and also briefed about the objectives of the programme being currently conducted.

Shri. W.T. Dirkipa, GB Thembang also spoke on the occasion and expressed his gratitude on behalf of the village to ICAR-NRC on Yak for all the contributions in varied forms to the area and its people putting emphasis on the long fruitful association of the village with the research centre. This was followed by the resource person's lecture on the different technologies developed by the institute and also briefing about the different activities of the institute for the yak herders and other farmers of the area including farmers of the yak rearing states of India.

The programme ended with vote of thanks by the chairperson followed by distribution of inputs to the tribal farmers.

Altogether one hundred tribal farmers benefitted from the programme in terms of knowledge and also through the inputs namely, concentrate feed, complete feed block and gum boots that were distributed amongst the participants on need basis.

Registration and verification of the tribal farmers in the presence of the GBs and ZPM, Thembang
