

ICAR-NRC on Yak celebrates Independence Day 2022

One of the main highlights of the celebration of the 76th Independence Day at ICAR-NRC on Yak was the setting up of stall on the theme, “Exhibition of technologies developed by ICAR-NRC on Yak” by the Extension Unit of the institute following the guidance of Dr.Mihir Sarkar, Director ICAR-NRC on Yak at the Dirang ground which was organized under the aegis of the Dirang administration.

The purpose of the exhibition stall was to showcase the technologies developed by ICAR-NRC on Yak since its inception in 1989 and the varied contributions, and efforts of the institute to uplift the lives of the Brokpas who are involved in yak rearing across the country. The items displayed on the occasion included popular and technical publications published by the institute over the years, yak fibre products prepared in the LPT section of the institute. The exhibition stalls were inaugurated by the honorable MLA, Shri Phurpa Tsering who was the chief guest on the auspicious event, accompanied by esteemed local leaders and officers of the Dirang administration.

Glimpses of the programme :

Display of the items including publications and yak fibre products developed by ICAR-NRC on Yak over the years.

Dr.K.Mephuo, Scientist, ICAR-NRC on Yak, Dirang explaining to the dignitaries about the yak fibre products that are prepared in the LPT Section of the Institute

Dr.K.Mephuo explaining to the dignitaries about the different publications of ICAR-NRC Yak through which the institute is highlighting about yak husbandry and its stakeholders to the world.
