

ICAR-NRC on Yak participates in the XVI Agricultural Science Congress & Agri Expo held at Kochi, Kerala from 10-13 Oct 2023

The purpose of the exhibition stall was to showcase the technologies developed by ICAR-NRC on Yak since its inception in 1989 with special focus on the ongoing initiatives of the institute which includes the Semi-intensive system of yak rearing, bankable scheme for profitable yak rearing including the insurance scheme for yaks, and the approval of yak as a food animal by FSSAI which are all aimed at promoting yak husbandry and yak herders across the country. The latest achievement of the institute-the recognition of the Arunachali yak churpi as the first among the yak milk product of Arunachal Pradesh to get GI was also broadly highlighted. The products that were displayed on the occasion were popular publications published by the institute and yak fibre products prepared in the LPT section of the institute. Throughout the course of the event, the exhibitors interacted with the dignitaries and public visiting the stall. The exhibition stalls were inaugurated by Shri Parshottam Rupala, Union Cabinet Minister of Fisheries, Animal Husbandry and Dairying - Govt. of India. During the course of the event, the nominated officers also attended the Industry Meet on the invitation of the coordinator of the meet.
