

On the initiative of Dr.Mihir Sarkar, honourable Director, ICAR-NRC on Yak, a “Cleanliness and maintenance of plantation drive” was organized and conducted at the office and residential campus of ICAR-NRC on Yak on the occasion of World Environment Day on the 5th of June 2021.

Following the COVID 19 SOPs, manpower from the Extension Unit and Estate Unit of the institute cleaned the campuses and the surrounding areas, and partook in the maintenance of the plantations in both campuses.

The focal theme being, “Ecosystem Restoration” all the participants resolved to contribute in their individual capacity and as a member of the society to the overall restoration of the ecosystem by planting more trees and taking care of the ecosystem while creating awareness about the same in and around them.
